

Carefree Premier Heel

Foam mattress replacement

The **Carefree Premier Heel** replaces a standard mattress and comprises of a combination of CMHR and visco elastic foam to help provide pressure reduction. The mattress features **Heel zone technology**. It also features a reinforced base and a side wall construction.

The mattress replacement is ideal for patients considered to be up to a **very high risk** of pressure ulcer development and can be used in **multiple care settings**.

Features & Benefits

Reinforced side walls and base

Offering stability and support whilst assisting patients and their caregivers with transfers.

Castellated mattress section

Provides greater pressure re-distribution and postural support.

Sloped narrow visco elastic foam heel zone

Provides comfort and pressure reduction by redirecting pressure to the users calf area rather than the heels.

Non-turn mattress replacement

Not requiring turning or rotating significantly minimising manual handling risks.
