

Trinity Plus Bariatric

Pressure reducing visco elastic foam mattress replacement

The **Trinity Plus Bariatric** replaces a standard mattress. It comprises of a visco elastic foam insert to provide pressure redistribution by conforming to a users weight and temperature. The mattress also features a reinforced core, base and side wall and provides comfort and protection for the larger patient weighing up to **318kg/ 50 stone**.

The bariatric mattress replacement is ideal for patients considered to be up to a **very high risk** of pressure ulcer development and can be used in a **community and long term care** setting.

Features & Benefits

Visco elastic foam insert

Allows for immersion, comfort and postural support whilst re-distributing pressure away from high risk areas.

Reinforced side walls, base and core

Offering support whilst assisting patients and their caregivers with transfers.

Non-turn mattress replacement

Not requiring turning or rotating significantly minimising manual handling risks.

2-way stretch, waterproof, vapour permeable PU cover

Improving patient comfort and maintaining skin integrity by reducing shear and friction forces whilst aiding infection control.

High frequency welded seams and a fully concealed zip which reduces the possibility of fluid ingress to aid infection control.
