

Trinity Plus Bariatric Cushion

Visco elastic pressure reducing cushion

Available to fit both wheelchairs and lounge chairs the Trinity Plus cushion provides a high degree of comfort.

The bariatric Trinity Plus visco elastic cushion reduces pressure in patients considered to be up to a high risk of pressure ulcer development.

The 2-way stretch, waterproof and vapour permeable welded cover promotes comfort and assists infection control.

Features	Benefits
Modular cut visco elastic foam	Offers excellent pressure reduction, comfort and support.
Recon foam base	Offering support and reduces subsidence
Non-turn	Does not require turning or rotating.
2-way stretch, waterproof, vapour permeable PU cover	Improves patient comfort and maintains skin integrity by reducing shear and friction forces whilst aiding infection control.
Concealed zip	Prevents fluid ingress and contamination of foam core - to comply with infection control standards.

Technical Specification

Product code:	UPRV202001
Risk category:	Up to high
Max user weight:	318kg / 50st
Warranty:	2 years
Cushion dimensions:	500mm x 500mm x 100mm
Product weight:	2.5kg
Fatigue class:	Severe
Fire retardancy:	BS7177
Cleaning:	Can withstand up to 10,000 ppm chlorine (to be used in conjunction with local infection control guidelines) (can be laundered up to 84°C)
