

Full length telescopic side rails

Easily extendable rails designed to fit the Cura II and the Cura Community bed range. The telescopic rails provide sufficient height to accommodate a typical mattress/ overlay combination to enhance patient safety.

Featuring a safety locking/unlocking mechanism which prevents unintentional activation, the 4 bar side rails provide an overall height of 400mm and can be folded into the desired position with ease.

Features

- Overall height of 400mm
- Safety locking/unlocking mechanism
- Easy fitting without the need for tools
- Easily extendable

Specifications
